LinkedIn: [linkedin.com/in/areej-irshad-1044492b4](https://www.linkedin.com/in/areej-irshad-1044492b4)

GitHub: github.com/areejirshad

Portfolio: React/Next.js, MERN, WordPress & Shopify projects

Availability: Remote / freelance / full-time / contract

Full-stack web developer with strong WordPress expertise and growing specialization in MERN/Next.js applications. I build business websites, ecommerce experiences, LMS platforms, dashboards, payment flows, custom APIs, admin systems, and production-ready user interfaces from idea, branding, content flow, design, development, deployment, and maintenance.

CORE SKILLS

Frontend: React.js, Next.js, JavaScript ES6+, TypeScript, HTML5, CSS3, Tailwind CSS, responsive UI, GSAP/Framer Motion style animation

Databases: MySQL, MongoDB, Prisma schema design, relational data models, orders, students, reports, exports

Payments & Integrations: Stripe, PayPal, bank/manual review, coupons, subscriptions, Zoom, Google Drive, EmailJS/Resend-style workflows

Backend: Node.js, Express.js, REST APIs, authentication, role-based access, admin workflows, payment logic, email workflows

WordPress: Elementor, WPBakery, Tutor LMS, custom CSS, PHP/JS customization, forms, business websites, performance-ready pages

Design & Launch: UI/UX, branding, banners, content formatting, mockups, deployment fixes, hosting setup, maintenance

FLAGSHIP FULL-STACK PROJECTS

Gen-Mumins Learning Platform

Next.js | React | MySQL | Payments | LMS

- Built a full-stack online institute platform with public website, registration, parent/student/teacher/admin dashboards, curriculum, live sessions, recordings, feedback, reports, and admin operations.
- Implemented advanced registration logic including parent accounts, multiple child profiles, programme bundles, coupons, regional pricing, scholarship/manual flows, Stripe/PayPal/manual payment handling, and enrollment fulfillment.
- Developed operational dashboards for parents, teachers, and admins, including live Zoom scheduling, Drive recording workflows, curriculum builder, student access, orders, exports, and teacher reporting.

Live: <https://genmumin.com/>

TGA Awakening Platform

Next.js | TypeScript | Prisma | Stripe/PayPal

- Built a full-stack Islamic education platform with animated public website, Seerah course registration, payments, student dashboard, scholarship/fee-waiver workflow, donations, and admin dashboard.
- Created registration, pricing, coupon, monthly/full-course plans, manual review, JazzCash/bank transfer support, email notifications, and admin controls for orders, students, payments, waivers, and donations.
- Handled UI/UX, frontend, backend APIs, database schema, payments, dashboard systems, deployment setup, and production fixes.

VALUE PROPOSITION

Clients can bring a rough business or product idea, and I can help turn it into a structured website or application: branding direction, banners, content formatting, UI/UX, frontend, backend logic, database, dashboards, payment flow, deployment and maintenance.
